We invest substantial effort and resources to ensure our digital services are accessible to all users. In compliance with the Equal Rights for Persons with Disabilities Law, 5758-1998, and the Accessibility Adjustments to Service Regulations, 5773-2013, we continuously work to implement accessibility principles across our platform.

01 Accessibility Standards and Compliance

Our platform is implemented in accordance with the Israeli Standard (IS 5568) at AA level and the international WCAG 2.1 standard. We are committed to ongoing improvement of accessibility levels.

- Tested for compatibility with leading browsers: Chrome, Firefox, Safari, and Edge
 - Full semantic structure with assistive technology support
 - Complete keyboard-only navigation
 - Compatible with mobile screens and tablets
 - Recommended to use NVDA screen reader software in the latest version
-

02 Contact and Support

Our support team receives ongoing training in accessibility and provides assistance through various channels:

- Email: support@scheduler-systems.com
 - Contact form on the website
 - Phone support - you can request a callback via written message
-

03 Physical Accessibility

Our service is provided exclusively through digital platforms. We do not have offices open to the general public.

04 Feedback and Continuous Improvement

We encourage users to report accessibility issues they encounter. Every inquiry will be handled with care and professionalism, and we will strive to find an appropriate solution as soon as possible.
